September Meeting

Join us for our first program of the new season featuring Jenn Rader, Director of the Southeast Kansas Nature Center. Jenn will tell us about the flora and fauna of Schermerhorn Park, located in Cherokee County, just south of Galena in the Kansas Ozarks. Thanks to its unique location in the state, the park has many species of plants, fungi and animals not found anywhere else in Kansas. Jenn will share some of the amazing biology and geology of Schermerhorn Park.

The presentation will be on Tuesday, September 16, 7 p.m. at the Great Plains Nature Center. You can also join us for dinner at Barn'rds, 2037 N Woodlawn, at 5:30 p.m.

60th Anniversary Celebration!

Birding legend Kenn Kaufman is coming to town to help us celebrate with a series of events the weekend of September 13 & 14.

"Principles and Pitfalls of Field ID" will give us one hour of indoors instruction and one hour outside for practical experience. The workshop costs \$10, but that also gets you admitted to the evening program
